

A large collage of 24 photographs capturing various moments from a summer camp. The images show children and adults engaged in a wide range of outdoor activities. In the top left, children are playing on a slide and climbing a wooden structure. Next to it, two children are running down a dirt path. To the right, an adult is helping a child with hula hoops. Below these, three girls are smiling for a photo, and a group of children is walking along a log in a wooded area. Further right, a woman holds a baby, and another woman smiles with a child. The middle section features a girl in a yellow dress under a red arch, a group of children clapping, and a man holding a book. A large group of children stands in a grassy field near a brown pony. Other photos show a girl playing a blue ukulele, a white rabbit eating a leaf, and children sitting on a colorful blanket. The bottom part of the collage includes a girl working on a craft project, a man with a horse, children playing with a large log, and a group of children hula hooping. The final row shows children sitting at a table in a dining hall, a group of children playing with a large yellow balloon, and a child in a pink dress running on a path. The entire collage is set against a background of lush green trees and foliage.
